About Aoba Action Learning Academy (ALA)

Aoba Action Learning Academy (ALA), operated by Aoba-Japan International School at various campuses on weekends, is a brand new English program for both beginners and advanced learners. It aims to provide English education through actions for children from 2 years of age to elementary school age. Unlike the traditional learning style, ALA's classes are conducted in an interactive way with regular dialogue. This allows students to enhance their English skills and cultivate international mindedness in a very effective and fun way. In addition, ALA runs seasonal English schools during summer, winter and spring breaks which provide students opportunities to learn English in an authentic and immersive environment without going overseas.
